Admissions Process — Step by Step

Clear, transparent
and supportive

St Edward's
COLLEGE
FOUNDED. 1929

Our Admissions process is designed to be clear, welcoming and supportive for families, with a strong focus on efficiency, accuracy and personalised service. From the initial enquiry through to confirmation of place, our dedicated Admissions Office is available to guide parents at every stage.

Prompt responses, clear communication and a helpful, approachable team ensure that families feel supported from the very first contact. School tours and individual meetings provide opportunities to experience the College environment, meet members of staff and ask questions in a relaxed and informative setting.

All aspects of the process — including eligibility, assessments (where applicable), offers and waiting lists — are explained transparently and consistently. Great care is taken to ensure that all information and documentation are accurate, up to date and clearly presented, allowing parents to make informed decisions with confidence.

We take pride in delivering a high-quality admissions experience built on:

Speed – timely, efficient responses at every stage of the process

Accuracy – reliable information and careful handling of all documentation

Customer service – a professional, friendly and responsive approach that puts families first

These values underpin our commitment to making the transition into St Edward's College as smooth, positive and stress-free as possible.
