Learning Support & Inclusion

Supporting every
learner to thrive

St Edward's
COLLEGE
FOUNDED. 1929

At St Edward's College, we recognise that every child learns differently. Our approach to learning support is grounded in respect, inclusion and a belief in each student's potential.

Where additional learning needs are identified, support is provided through careful assessment, targeted strategies and collaboration with parents and external professionals where appropriate. Support is discreet, personalised and focused on enabling students to access the curriculum confidently. We value partnership with parents and maintain open communication throughout the support process. Confidentiality and dignity are always respected.

Our inclusive ethos ensures that all students feel valued and supported — not defined by their challenges, but encouraged by their strengths.
